### Product designation

**Halogen reporter lamp SM 300 (Super Mini)**

Article no. 312-0170

### Product description

The compact halogen reporter lamp **SM 300** can be operated on 230 V and 120 V mains voltage as required. Simply insert the appropriate halogen lamp corresponding to the mains voltage.

The lamp with built-in reflector is equipped with a slot for glass filters, a reflector quick-change system, stepless focusing and an integrated on/off switch. The lamp head can be equipped with a 360° rotatable 4-leaf barn door. The SM 300 has a pivot joint with a special with a 16mm (5/8") mount which enables attachment of a stand or a grip. The lamp has extremely small dimensions and low weight.

### Scope of delivery

300 W halogen reporter lamp SM 300  
with built-in reflector and safety glass, 16 mm (5/8") stand mount, mains cable 5 m (16.5 ft), (without 4-leaf barn door and grip), operating instructions, packing

### **Application**

The compact and robust design of this halogen reporter lamp SM 300 make it ideal for noiseless illumination "on location". The SM 300 halogen reporter lamp can be used as a stand-mounted or with the detachable grip as a handheld lamp, depending on the adapter used. The lamp has a pivot joint with which it can be securely retained in any position of inclination.
